**Crossroads Diversified Services, Inc., Men's Wearhouse, and  
Sacramento Legislators to Collect Suits for Success**

**SACRAMENTO, Calif.** -August 17, 2010 – Crossroads Diversified Services, Inc. partnered with Men's Wearhouse and California State legislators to collect over one-hundred items of professional clothing and accessories during the August 17 State Capitol Suit Drive. The event will take place at 12:00PM till 12:45PM at the State Capitol Room 125

Items donated – suits, pants, dress shirts, sport coats, slacks, ties, belts, and shoes – will go to area charities; including Crossroads Diversified Services, Inc .which will use them to help individuals with significant barriers present in a more professional manner while looking for employment.

“With the California unemployment rate at over 12 percent\*, helping the jobless dress for success is more important than ever,” said Danny Marquez, Director of the Employment Division of Crossroads Diversified Services. “We are so grateful to the Sacramento residents, capitol workers, and Men's Wearhouse for organizing such a successful and much-needed effort.”

The first-ever California State Capitol Suit Drive is an extension of similar philanthropic events by Men's Wearhouse, one of the largest specialty retailers of men's apparel. In September, Men's Wearhouse will roll out its National Suit Drive ([www.nationalsuitdrive.com](http://www.nationalsuitdrive.com)), which has generated hundreds of thousands of articles of used clothing for nonprofits throughout the country, collecting suits at all of its U.S. locations.

Men's Wearhouse founder and CEO George Zimmer said the Sacramento drive is part of his company's ongoing effort to support the national workforce and help those displaced by the recession to get back on their feet.

“Looking professional not only affects the people who see you, but how you see yourself,” Zimmer said. “The State Capitol Suit Drive gives job seekers an extra boost of confidence as they reenter the market.”
